

The Funni Farm Environmental & Sustainability Statement

Effective Date: January 1, 2026

Our Commitment

The Funni Farm strives to operate responsibly by making practical decisions that support long-term environmental stewardship while producing quality hemp-derived products.

Responsible Sourcing

Whenever practical, we seek to work with reputable suppliers who value quality, compliance, and responsible business practices.

Waste Reduction

We continually evaluate opportunities to reduce waste, improve production efficiency, and responsibly manage materials used in our operations.

Packaging

We evaluate packaging options that balance product protection, food safety, regulatory compliance, and environmental considerations.

Continuous Improvement

Sustainability is an ongoing effort. As our business grows, we will continue evaluating opportunities to improve our environmental practices.

Customer Participation

Customers can help by properly recycling eligible packaging materials where local recycling programs are available and by disposing of products responsibly.
