

The Funni Farm Product Storage & Shelf Life Guide

Effective Date: January 1, 2026

Proper Storage

Store products in their original sealed packaging in a cool, dry place away from direct sunlight, excessive heat, moisture, and humidity.

Temperature

Avoid prolonged exposure to temperatures above normal room temperature. Do not leave products in vehicles or other hot environments.

Best By Date

For the best quality, consume products on or before the printed Best By date.

After Opening

Reseal packaging promptly after opening to help preserve freshness and product quality.

Signs to Discard

Do not consume any product that shows signs of mold, unusual odor, discoloration, damaged packaging, or other evidence of contamination.

Travel and Transport

Transport products in a manner that protects them from excessive heat, crushing, moisture, and direct sunlight.

Questions

If you have questions regarding storage, shelf life, or product quality, please contact The Funni Farm before use.
